

Acquisition. Requirements Profile.

FAY Projects GmbH specialises in the development of ambitious, centrally located construction projects, and is renowned for the creation of sustainable real estate values with above-average competitive edge. FAY gathered its expertise and know-how by successfully completing far more than 100 real estate projects during over five decades in the business. Being innovative is something of a tradition with FAY Project GmbH, as the company takes on property developments of corporate real estate (offices, hotels, retail units, warehouse and retail assets), property developments in the housing industry, the revitalisation of existing properties, and the creation of structures with long-term potential. At the same time, we are no strangers to urban district development and the collaboration in project partnerships.

Please note that this acquisition profile does not present an offer to conclude an estate agent's contract. Inversely, we consider each of your written and qualified property quotes as an offer to conclude an estate agent's contract, which would become effective if we accepted the offer on a case to case basis.
